

**Minutes of High Desert Rovers meeting, January 13, 2004**  
**Quarters Restaurant, West Side**

Jackie Dassler is pursuing higher education and will not be available Tuesday nights for a while, therefore, the Prez directed Susan Kitsch to record minutes. First off, CONGRATULATIONS to Jackie for going back to school – whatever we can do to help!

The minutes from the last meeting were accepted as published.

Tom Chavez brought friends, Lee and Jennifer Dalton who are a wonderful addition to the Club. I hope everyone can meet them soon. Perhaps between all of us, we can figure out what that weird box cover is, on the inside of their Disco II. It is a beautiful vehicle.

Steve Grabiell reported that the Treasury now stands at about \$40. Now that funds are being collected from the sale of HDR shirts, the Treasury should be back to great shape in a few months.

Mike Robertson reported the newsletter is not quite ready, but he will have it out by the end of the week. Lori Ferguson's D90 is up for sale and was the topic of a lot of discussion within the group. It is a beautiful truck, and although everyone would have voted to purchase it as a Club Car, the Treasury can't support that at this time.

The new HDR shirts were brought to the meeting and distributed. The first shirt for paid Club Members is \$4.75, and each is \$16.50 thereafter. See Mike Robertson for purchasing additional shirts. (PLEASE)

New Business:

HDR meetings and locations for the next several months were set as follows:

February	Little Anita's	Juan Tabo
March	Trombino's	Academy
April	Dos Amigos	I-40 & 4 <sup>th</sup> Street

Tim Rainwater brought us up to date on events in the near future:

<b>Month</b>	<b>Location</b>	<b>Wrangler</b>
January	Cochiti	Tom Chavez (this was FUN)
February 21	Las Cruces	???????
March 20	Water Canyon – Socorro	Tj Chavez

The group discussed the opportunity to buy a calendar of Rovers, however the group felt it was pretty late to be ordering them for 2004. Most members had more than enough calendars at this time, however everyone liked the idea.

Various GPS and mapping programs were discussed as possibilities for the Club to use for each trip. LandVoyage.com has aerial photos, satellite and can be used for 3 days for

\$9.95. Tom Chavez is looking into this as an option. Several members have programs that we will use as needed. It was also noted by Tom, that NM Search & Rescue has free maps available.

Steve Grabiell requested the Club purchase a shop manual for the Disco II at a cost of \$149. No action was taken.

Todd Pfortmiller whined that he never received a SW 4-Wheel Drive sticker. Steve Grabiell and Mike Robertson were going to put some worthy energy into finding out what happened to it.

Shirts were distributed, and the meeting adjourned.  
Yours in humble Landie-ility,  
Susan
