

High Desert Meeting Minutes
May 10, 2005

May's meeting took place at the Owl Café located at the I-25 Center. Meeting started with President, Rob Dassler bringing the meeting to order. Meeting minutes from April were accepted and seconded.

Treasurer's report from Christine Grabiell: Christine stated that the club's balance is \$ 885.25. Christine was able to transfer funds to our new account with Compus Bank. In the future the club will have to submit new documents to bank when a new Treasurer is elected. Members joked that Christine would continue to be the official club Treasure in order for documents to stay the same. Unfortunately, a new account number will be registered for the Club when new Treasurer takes office.

New Business:

Trip updates:

Our trip to Moab will be May 13. Club members will meet at 9:00 at the parking lot located at the Santa Anna Casino off of 550. Club members are coming back on Monday, giving the club an extra day on the trails this year. Trails were discussed, but the consensus was that trails would be decided depending on if the Solihul Society would join us in Moab. The club could possibly split up depending on interest of trails and difficulty. Rob brought up the possibility of a night run in Moab. Tim Rainwater would like to schedule Club cook outs while in Moab. The nomination of the club paying for some of the food was brought up and seconded. Jackie will email Tim to see what dinners to plan.

June's meeting: Steve and Christine brought up the idea of having a cook out at their house sometime in June. Rob Dassler stated that his friend KC had some trails in the East mountain area.

July's trip to Leadville, Colorado for the National Rally: Rob stated that he would like to do Holly Cross trail which is a difficult trail. Although the trail is less than 4 miles long it has some of the most challenging spots in that area.

Jim Vititow brought an article to that listed needed items for off-roading at the National Rally. Jackie will forward copy of email to club members about requirements for participation in National Rally.

Meeting adjourned.

Follow Ups:

June's meeting will be announced as soon as location is decided upon.

Highlights from Moab trip.

Updates on Leadville trip.

Possible day trip in the East mountain area
